<http://yp.yahoo.com/>

- Health and Medicine
- Community
- Libraries
- Other Professional Services/News and Media
- Religion
- Senior Services
- Veteran Organizations
- Search “AARP”

<http://www.aarp.org/states/>

<http://www.craigslist.org/>

Helpful Websites for Finding Patients

Free of Charge websites: the following are like having each state’s phone book at your disposal

Anywho.com

People.Yahoo.com

Searchbug.com

Smartpages.com

Whitepages.com

Switchboard.com

Social Security Death Index – <http://ssdi.genealogy.rootsweb.com/> This website will only search for deceased patients and is updated monthly.

Search Tips:

- * Try using the patient’s first initial and last name, instead of the complete first name.
- * Try using only the patient’s last name, without first or middle names.
- * Try searching both with and without the state, in case the patient has moved.
